All else equal, the issuance of securities to the trust funds reduces the amount Treasury must borrow from the public. Conversely, when the trust funds need cash, they redeem investments and raise the financing requirements of the Treasury ( again, all else equal ). The Board of Trustees of the OASI and DI Trust Funds provides the President and the Congress with short range ( 10 years ) and long range ( 75 year ) actuarial estimates of each trust fund. Because of the inherent uncertainty in estimates for as long as 75 years into the future, the Social Security Trustees use three alternative sets of economic and demographic assumptions to show a the percentage of total Federal liabilities range of possibilities.
