Fell in love with statistics

By MEI] SA ER JIN DE

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 271 Publisher: Chongqing University Press Pub. Date :2008-2-15. After a small amount of success and continue to explore a number of failed attempts. I have learned to teach in some statistics. I and my Many students believe that this approach will not make people feel afraid. but be able to transfer large amounts of information. With this book you can understand the basic scope of statistics and should learn to master all the information. you can also collate and analyze data to understand the basic ideas and the most commonly used technology. Theoretical part of the book there are some. but very few. mathematical proof. or the reasonableness of a particular mathematical formula rarely discussed. Why fell in love with statistics. this book does not add more theory is very simple. beginners do not need. This is not my opinion. the theory is not important. but in the learning stage. I would like to offer is my opinion. to some extent by the efforts to understand and grasp the information. while not make you feel afraid and...
