Lizzie and Karl's mother is a zoo keeper; the family has become attached to an orphaned elephant named Marlene, who will be destroyed as a precautionary measure so she and the other animals don't run wild should the zoo be hit by bombs. The family persuades the zoo director to let Marlene stay in their garden instead. When the city is bombed, the family flees with thousands of others, but how can they walk the same route when they have an elephant in tow, and keep themselves safe? Along the way, they meet Peter, a Canadian navigator who risks his own capture to save the family. As Michael Morpurgo writes in an author's note, *An Elephant in the Garden* is inspired by historical truths, and by his admiration for elephants, the noblest and wisest and most sensitive of all creatures. Here is a story that brings together an unlikely group of survivors whose faith in kindness and love proves the best weapon of all.

Reviews

An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.
