## DISEASES OF THE NOSE AND THROAT (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Diseases of the Nose and Throat The object of this book is to guide the student or practitioner of medicine in his clinical work, by giving him a ready reference to the important details of examination, diagnosis and treatment of the upper respiratory tract. A small manual is no longer able to contain all of the information which the student must occasionally seek in books of reference, but it should be useful in presenting the different subjects in their proper perspective. With this in view, established facts and well-authenticated theories have been accentuated, and as far as possible unproved statements and superfluous treatment have been avoided. The anatomy and physiology of the different regions are briefly reviewed as far as it is important to bear them in mind in examination and treatment. The etiology and pathology of the different diseases are somewhat fully taken up when they are of practical importance or theoretical interest. There are many things which can only be learned by clinical experience, but also much that is overlooked if this practical work is not accompanied by a reasonable amount of didactic study. The examination of patients, the choice of instruments and the technique of operations vary so much in detail in different clinics and with different operators, that the student should expect to get only general principles from his text-books. To become skilful his training must be with patients, but to acquire good judgment in the interpretation of symptoms, and in the question of operation in doubtful cases, the subject must be studied from all sides. For this reason considerable space is given to arguments for and against the more common...
