Oracle8i Tuning and Administration: The Essential Reference distills the essentials of what you need to know to perform your job intelligently and skillfully. Bypassing obscure technical details, this book answers three essential questions for each topic listed below: What is it Why is it important How do I use it Less experienced DBAs can now acquire the framework they need to understand important details in the Oracle documentation. Advanced DBAs will find this book a practical reference to effective configuration and troubleshooting. Oracle8i Tuning and Administration covers the major areas for which DBAs are typically responsible: administration, sizing and configuration, monitoring, and application and database tuning for better performance. In addition, the book reviews fundamental Oracle concepts and summarizes the newest features of Oracle8i. 590 pp. Englisch.
