Skyhorse Publishing. Paperback. Book Condition: new. BRAND NEW, Black Bass, John Alden Knight, Originally published in 1949, John Alden Knight's Black Bass enforces the idea that enjoying the sport of bass fishing to its fullest is only possible when one understands every aspect of it, including fish behavior, bass habitat, changing seasons, gear, and different fishing tactics. Gaining greater insight into all facets of the sport will ultimately make for more successful and enjoyable fishing trips. In Black Bass, Knight offers everything fishermen need to know about smallmouth and largemouth bass. He focuses on both equally, as he believed neither is the more superior group. Readers will learn about the life cycles, characteristics, behaviors, diets, and feeding habits of both types of bass. Understanding where and how these fish exist will help all fishermen with the next step: catching them. The second half of Knight's book provides readers with various methods of securing bass while on the water. Chapters are devoted to rods, reels, lines and leaders, lures, and incidental equipment, as well as specific techniques fishermen can use and the advantages and proper handling of each. Black Bass is an entertaining and informative book for bass fishermen everywhere and represents a lifetime of study and fishing in many sections of the United States.
