Single-chip experiments and application design tutorial - Version 2

By DENG HONG, ZHU

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 260 Publisher: Metallurgical Industry Pub. Date :2010-9-1. Contents: first the MCS-51 microcontroller experimental system 1 Experimental 1.1 Experimental operation and understanding of the purpose of system components 1.2 Introduction 1.2. a major distribution system hardware resource allocation system 1.2.2 Experimental System 1.3 keyboard / display 1.3.1 Introduction to the keyboard / display 1.3.2 1.3.3 keyboard monitor keyboard monitoring work status characteristics 1. Keyboard Monitor 3.4 1.4 experimental operation of the contents of the command to use LED platform 1.4.2 1.4.1 using Windows XX / XF platform reporting requirements of 1.6 points 1.5 shows experimental software second. Hardware Experiment 2 Experiment a clear program software test procedures for split-second experiment experiment experiment experiment experiment four three spelling program data area data transfer routines Experiment five to find the same sort Experiment number six the number of experimental test seven double-byte unsigned rapid multiplication subroutine Experiment over eight branching Experiment nine pulse count (timer / counter) Experiment ten computer clock (timer. interrupt Consolidation) Experiment 3 Experiment a hardware port lights Experiment two PI PI mouth turning light experiment In...

Reviews

The ebook is easy in go through easier to recognize. We have study and i am certain that i will planning to read through once again once again in the future. I am quickly will get a pleasure of studying a composed publication.

-- Prof. Adah Mertz Sr.

This publication might be worthy of a read through, and superior to other. It normally is not going to charge excessive. Its been written in an remarkably simple way and is particularly just after i finished reading through this book through which in fact transformed me, alter the way i really believe.

-- Juston Mraz
