Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Private Life of the Romans In preparing this book I have had in mind the needs of three classes of students. It is intended in the first place for seniors in high schools and freshmen in colleges, and is meant to give such an account of the Private Life of the Romans in the later Republic and earlier Empire as will enable them to understand the countless references to it in the Latin texts which they read in the class-room. It is hoped that the book contains all that they will need for this purpose and nothing that is beyond their comprehension. It is intended in the second place for more advanced college students who may be taking lectures on the subjects of which it treats. The work of both teacher and student will be made less irksome and more effective if the student is aided in the taking of notes by even so general a knowledge of the subject (previously announced to the class) as is here given. This I know from actual experience with my own classes. In the third place it is intended for readers and students of Roman history, who are engaged chiefly with important political and constitutional questions, and often feel the need of a simple and compact description of domestic life, to give more reality to the shadowy forms whose public careers they are following. Such students will find the Index especially useful. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
