Not illustrated. 1906 Excerpt: . . . put in the new mill, which has an annual capacity of about 20, 000, 000 feet. The White concern has a two-thirds interest in the Elm Cooperage Companys plant, which cuts about 6, 000, 000 feet of logs into hoops and staves each year. The output of lumber of the White mill plants at Boyne City is 30, 000, 000 feet of hardwood and hemlock lumber from the W. H. White Company mill, 20, 000, 000 feet of hardwood and hemlock from the Boyne City Lumber Company mill and 5, 000, 000 feet of hardwood logs from the Elm Cooperage Company plant, besides 50, 000, 000 shingles. The company owns 50, 000 acres of hardwood timber lands, and that stumpage, together with what it is buying each year, will make about thirty years cutting. The firm of William H. White and Co. was incorporated as the...

Reviews

This is basically the greatest pdf i have got go through right up until now. It normally fails to cost excessive. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Genoveva Langworth**

If you need to adding benefit, a must buy book. It really is writter in straightforward words and phrases and not confusing. You will not feel monotony at anytime of your respective time (that's what catalogues are for concerning if you ask me).
