## Hal Leonard Recording Method: Mixing Mastering Book 6 (Mixed media product)

---

By Bill Gibson

Hal Leonard Corporation, United States, 2013. Mixed media product. Book Condition: New. 2nd Revised edition. 277 x 213 mm. Language: English . Brand New Book. (Music Pro Guide Books DVDs). Making the instrument and vocal tracks sound their best and then making them all work together is an extremely important stage in the recording process. This important second edition demonstrates techniques and procedures that result in a polished mix and powerful master recording, using current plug-ins, software, and hardware. You ll then learn how to prepare the mastered recording for CD replication, streaming, or download. Updated illustrations, photographs, and audio and video examples on the accompanying DVD will reinforce your understanding of what you need to mix and master like the pros. New in this edition: \*Extensive use of QR Codes, which link directly to associated websites and resources via your smart devices QR Code readers. This expands the content of the book far beyond the printed page. \*New and updated media examples included wherever appropriate. \*Tips and tools for combining the commercial and home recording studio worlds. \*Images and media examples that demonstrate new procedures as they pertain to the current state of the software and hardware industries. \*New...

### Reviews

*Most of these pdf is the ideal pdf available. It is definitely basic but shocks within the 50 percent of your book. I am just easily could get a delight of reading through a written book.*

-- Jany Crist

*I actually started reading this article ebook. I have got read and so i am certain that i will going to study once more yet again in the future. I am just very happy to inform you that this is the finest publication we have read in my personal lifestyle and may be he finest ebook for ever.*
