Date :2009-11-01. In recent years, with the implementation of the new curriculum standards, the quality of education in depth, the total primary school review, the proposition is constantly quiz reform, a variety of new ideas, new kinds of questions in large numbers, many of them excellent and innovative kinds of questions, is refreshing. Characteristics of these new kinds of questions are: 1. A new educational philosophy as a guide, the creation of new situations and conditions, focus on basic skills test, focus on development capacity. 2. Questions close to the social life, highlighting the reality, the rich features of the times, and guide students to the community, thinking, learning has been used. 3. Has a strong open and comprehensive, focusing on subject knowledge and the inherent multi-disciplinary integrated contact students the scientific way of thinking and innovation. As these new kinds of questions the proposition novel ideas, unique perspective, reflects the development of quality education, graduate studies across the country so the proportion of papers growing. In order to calm the teachers and...
