*****.Strategic Training Management combines self-study with

workplace activities to develop skills in effectively leading the training team to deliver organizational goals. It will guide you in evaluating your current approach to management of the

training function and in developing new and innovative

approaches for application in the workplace. Learning and

development managers are often highly competent trainers

who have been promoted on their technical capability and

have a history of success in designing and delivering learning

outcomes. Apart from their knowledge of instructional design,

training delivery, training administration, and training

logistics, today s training manager must have skills in

leadership, coaching, counseling, and resource planning.

Furthermore, he or she must have a fundamental

understanding of the broader business strategy and the impact

and contribution of the Learning and Development function on

organizational objectives. By providing you with new, fresh

methods in the various facets of learning and development

management, Strategic Training Management should help you

improve the success of your team. Strategic Training

Management includes the Training Partnering Opportunities

and Communication Plan,...
