Excellent e-book and useful one. It is written in straightforward phrases rather than confusing. I am just very happy to explain how here is the finest publication I have got read through in my very own lifestyle and might be the greatest book for possibly.

WHERE S MY CAPE?: BECOMING A SUPERHERO.AGAIN

Createspace, United States, 2012. Paperback. Book Condition: New. 202 x 134 mm. Language: English . Brand New Book ***** Print on Demand *****.When I first sat down to write this book six years ago, I didn t have a clue what was going on in my heart and head, but I knew something was wrong. Somewhere between recess and the jungle we call the 9 to 5, between cartoon superheroes and the world s most treacherous bad guys, between lifelong dreams of brighter tomorrows and the deep feelings of regret caused by so many disappointing yesterdays, between the corporate ladder we ve climbed so successfully and the families we ve left waiting at a ball game that we ve missed.again, and somewhere between writing love notes in grade school and taking notes on laptops, smart phones, or tablets in endless company meetings, we ve lost sight of who we were created to be. When we ve lost the passion and enthusiasm for life that we experienced as a child, the belief that we could actually make a positive difference in the world as we walk in obedience to God s Word, there are only a few reasonable choices we can make; we can either give in to despair, or we can press on, striving to rediscover our passion for life. If you want to rediscover the passion and enthusiasm for life and all that it has to offer, which you may have given up after years of struggling to hold on to the super powers you once possessed as a young person, and do it responsibly and without regret, then please join me in the journey of a lifetime!.
